THE WORLD OF SOCIETY

(Continued From Fifth Page.)

Philadelphia Friday. Miss Money will christen the battleship Mississippi Saturday, her father making the place of Gov. Yardman, who cannot leave his state on account of the fight against yellow fever, which circumstance also causes the celebration of Miss Money's marriage to Dr. Kitchen in this city instead of the bride's southern home.

The Duchess of Marlborough, upon whom an operation to relieve a partial deafness was made Monday in New York, is progressing satisfactorily, and her physician thinks she will be able to leave the hospital tomorrow or next day. Her visit to Lenox, therefore, has been deferred until October.

The fourth assistant postmaster general and Mrs. DeGraw have returned from their visit to Atlantic City. Commander Platt, U. S. N., retired, and Miss Platt, who were the guests of Mr. and Mrs. DeGraw at the seaside, also have returned to this city.

Mr. and Mrs. W. W. Metcalf, after an absence of three months, returned from Atlantic City, have returned to their home in this city.

Miss Maud Kennedy and Miss Maggie Sheridan of Newburgh, N. Y., are visiting friends on Mount Pleasant, where they expect to remain for the next two weeks.

Dr. Edward D. Perkins and Miss Emma N. Shedd were quietly married yesterday afternoon at the residence of the Mt. Vernon Place M. E. Church South by the pastor, Rev. W. F. Locke. The couple left on the 6:30 boat for New York via Norfolk.

The Merry-makers will give their first monthly dance of the season Thursday night, September 28, at National Rifle Hall.

Mrs. Bainbridge-Hoff has returned to her home, 1829 Jefferson place, for a short time before giving up her home to Mr. Hugh Gurney, who has again taken it for the winter.

Marriage Licenses.
Marriage licenses have been issued to the following:
Samuel W. Green and Marion L. Butler.
Noble Lewis and Barbara B. Millick.
Clifford Watts of Westmoreland county, Va., and Marion Thomas of this city.
Eugene Lomax of Fairmont, W. Va., and Olive Wright of this city.
Samuel Carter and Maggie McDonald.
James H. Knox and Minnie McGinnis.
Arthur F. Route of Frederickburg, Va., and Margaret Weston of Baltimore.
William A. Parker and Alice L. Coates.
Martin C. Thompson and Sarah B. Beaty.
Max F. Foerster of St. Paul, Minn., and Winifred S. Osborne of this city.
William White and Carrie D. Lacy.
Claude Kitchen and Anna Orton.
Charles J. Dexter and Anna M. Williams.
William A. Ficklen and Florence B. Laws, both of Fauquier county, Va.
J. Mossler Marzoff and Rosalie S. Chesley.
Walter Grimes and Annie Snowden.
Edward H. Davis and Josephine B. Sullivan.

Deaths in the District.
Deaths in the District were reported to the health office during the past twenty-four hours as follows:
Thomas M. Benson, 40 years, 1429 H street northeast.
Lillian Clasterback, 6 years, 123 F street southwest.
Pauline Davis, 18 years, Providence Hospital.
Philip Dunmore, 54 years, 315 11th street northeast.
David M. Glasow, 10 years, 1106 K street northwest.
William Hawkins, 33 years, Freedmen's Hospital.
Rose A. Iardella, 40 years, Georgetown University Hospital.
William Jackson, 24 years, United States jail.
James H. James, 65 years, 1223 Cooke's street northeast.
Helen Long, 2 years, 1315 I street northeast.
Robert G. Lowrey, 77 years, Government Hospital for Insane.
Thomas Montgomery, 71 years, Georgetown University Hospital.
Elizabeth McCoy, 77 years, 300 Washington street northwest.

ROCKVILLE AND VICINITY.

General and Personal News Gathered From Montgomery County's Capital.

Special Correspondence of The Star.

ROCKVILLE, Md., September 26, 1905.

The first decided frost of the season in this section was noticed this morning. In low places it was quite heavy, but not sufficiently so to injure vegetation. The thermometer registered 29 degrees.

A license to marry was issued here this morning to Mr. Samuel R. Trundle of Bakertown, W. Va., and Miss Carrie C. Burns of this county.

Miss Nannie Prettyman of Baltimore is visiting relatives in Rockville.

At a meeting of the board of county commissioners held here today Messrs. William G. Brewer, Charles T. Brosius and John H. Lynch were appointed to determine whether the public convenience requires the opening of a road from the old Baltimore station road, which was petitioned for by W. W. Hodges and others. The state highway commissioner attended the meeting and unofficially approved the bid of Daniel Kraft and Charles A. Clagett, who offered to construct the mile of road under the state aid law between Rockville and Norbeck, beginning at Rock Creek bridge and running to Norbeck. Their bid was about \$60,000. The contract will be awarded to them in the near future.

The commissioners granted the Chesapeake Construction Company, now building the double track on the upper section of the Metropolitan branch of the railroad, and a number of other roads, the right to close the overhead bridge near Warnings, the contractors agreeing to construct a road so that it will cross the railroad at a grade at Warnings station. The commissioners also passed bills to the amount of about \$2,000 for repairs to the railroad bridge at Warnings.

The first fall meeting of the Mite Society of the Rockville M. E. Church South was held at the home of Mr. Winfield S. Magruder, a few miles from Rockville, yesterday. Mr. Magruder sent in two of his four-horse farm wagons and gathered in the members of the society and a number of their friends who were assembled at the home of Mrs. Ellen Armstrong. The rides going and returning, made lively by the singing of songs and in other ways, were the feature of the occasion. At the home of Mr. Magruder business of the organization was transacted, after which a musical

and literary program was given and a collection was served.

Rockville's crack colored base ball team journeyed to Washington yesterday afternoon and sustained defeat at the hands of the East Washington Giants, the score standing 8 to 7. The contest is understood to have been a hot one from start to finish. Ross and Meads were the battery for Rockville.

Miss Eloise Cane has returned to her home in Louisville after an extended visit to Mrs. William Dorsey at this place.

Albert Butler will spend thirty days in jail for the larceny of a pair of shoes, valued at \$2, from William C. Reed. He was found guilty of the larceny in the Police Court today.

Butler and Reed stayed in the same home. When Reed found his shoes missing he asked the police to investigate, and Precinct Detective Cox arrested Butler, with the result stated.

John H. Walters, of Hagerstown, Md., who was on his way to the home of his intended bride to be married, was arrested and sent to jail to answer a charge of assault on a girl.

\$39.50 for smart suits==worth \$50.

In serge, broadcloth, venetian, chevilot, mixtures.
Taking styles, colors, trimmings and materials together, our line of \$39.50 Suits is wonderfully diversified.

In each of the materials we have a wide range of styles and shades.

There are the full 50-inch Plain Tailored Coat Suits with full flaring skirts. Also the short Eton jacket coat in numerous effects, due to cut and trimming. There are quite a number of variations in semi-broad suits.

Skirts generally are round and pleated, those with the shorter coats trimmed to match.

There are rich blacks in each material, each style, and the staple blues and browns, together with the new shades of plum, wine reds, Alice blue, gray in several tones, and rich greens—also some charming mixed colors.

No one requires a finer suit than we can supply at \$39.50. We've paid more than usual attention to this line, and by hard work have assembled a line of suits in best styles, made in a first-class manner and superior to the suits usually sold at \$50.00. Be good enough to yourself to see these before paying a tailor \$75 for equally good suits.

Before you buy anything for fall dresses see these dress goods--henrietta and drap d'ete.

Mothers and grandmothers can tell you how wonderfully popular they have been in years gone by—how nicely they made up, how serviceable they were.
MORE POPULAR THAN IN YEARS.

The revival has been long coming, but it did not find makers unprepared. It is a real craze. Both are very fine in texture, very soft. They may be pleated, tucked, shirred and handled in other ways very advantageously. Being closely woven they, of course, possess warmth, permitting lighter weight dresses to be worn than with open weaves. They possess what might be called a faintly lustrous finish, and ALL WOOL, both of them.

Henrietta.
We have a full line of shades for street wear, and pink, navy, cream and black; all grades, 38 inches wide. 50c., 60c., 80c. and 98c. a yard.

Drap d'ete.
In plum, green, gray, tan, brown, garnet and cream, at 71.25 and \$1.40 a yard.
IN BLACK, up to \$2.49 a yard.

"Ulockit,"
a new hair retainer.
25c.—worth a dozen times its cost.

The picture shows the shape. It keeps the hair in place and is itself held in place by a clever device that is a part of the comb itself. You simply press a little nub or ball and it is locked or unlocked instantly. See it at the Notion Department tomorrow. Ask for the "ULOCKIT" Hair Retainer. Entirely new.

10c. to 25c. trimmings, Braids. 8c. yd. Guimpes.

These are the mill's sample lengths—styles sold this season from full pieces over retail counters at 10c. to 25c. a yard. The lengths are suitable for the average use. Some are plain black or white; some are in combination colors. A yard only 8c. First Floor.

Another shipment ready, 32-in black taffeta, 98c. yard.

It's the best Taffeta ever sold in this city at such a price. You can't get better anywhere you may go at 125. The silk is of exceptional uniform weave, good weight and pure black dye.

It cannot be had elsewhere. We buy it under contract made especially for us. No dealer in the city can get it to supply orders. Have been out of it for several days, awaiting goods ordered weeks ago.

First Floor—Silk Department.

Skirt patterns.
25c. kinds at 19c.

We have a new lot of high-class Domet Flannel Skirt Patterns, in a large number of neat styles and color effects. They are good weight and serviceable. This is the time of year they are most needed. 25c. kinds, special, 19c. First Floor—Flannel Dept.

Soap specials, 6 cakes for 21c.

Cincinnati Oileine, Ivory, Babette's, Goss's, Oatogen, Star, Brooke's Crystal. Not over six cakes to one customer.

Capt. Hathaway Transferred.

Capt. Henry S. Hathaway, Signal Corps, has been relieved from duty at the Signal Corps post, Fort Meyer, Va., and ordered to duty at Fort Omaha, Neb. His transfer is in keeping with the general plan mapped out by the War Department for the abandonment of the Signal Corps post at Fort Meyer and the establishment of a post exclusively for that corps of the army at Fort Omaha.

Line of 16th Street Extended.

"Plans are being prepared for the construction of a bridge across Piney branch on the line of 16th street extended. Plans were prepared in this office for the construction of the fireboat wharf and this foundation of the fireboat wharf and the work has been executed at a cost of \$3,000.

"Plans have been drawn in this office for the construction of six steel concrete steel bridges, to replace the timber stringer bridges in the county, the cost of the same to be paid from the appropriation for 'con-

struction and repair of bridges, 1905 and 1906."

"Plans and specifications have been prepared in this office, in connection with the engineer of bridges of the Baltimore and Ohio railroad Company, for the New York avenue and the T street bridges crossing the company's tracks. Officials of the railroad are proceeding with the work of approving the plans of the New York avenue bridge, and work is already progressing on the foundations of the structure."

Connecticut Avenue Bridge.

"Under the contract for the construction of the Connecticut avenue bridge with the District Construction Company, \$275,000 has been expended. The balance available for this work is \$225,708.50. It is thought

that this amount will be expended within the present fiscal year. The crack in the street bridge, which was built in 1893, is structurally weak, and will not permit of strengthening, but should be rebuilt at once. A determination of the conditions and according to modern practice clearly demonstrates that the bridge is stressed throughout 100 per cent in excess of good practice. The importance of the immediate renewal of this bridge is further accentuated by the excessive vibration, which cannot be remedied without rebuilding. This vibration is much greater than in any other bridge in the District of Columbia, and exceeds that which might be considered permissible for country bridges designed to carry light vehicles. It is, however, used more or less heavily travel than any other bridge under my supervision, excepting the Anacostia bridge, and its reconstruction cannot safely be delayed. I have to ask that the sum of \$58,000 be appropriated for its construction.

Files Annual Report

ENGINEER OF BRIDGES DETAILS OPERATIONS.

Work Done and Under Contract in the District—Six Steel Bridges

In View.

Details of the expenditure of \$10,000 during the past year, in repairing various bridges in the District, in paying salaries in his office, etc., are included in the annual report of W. J. Douglas, engineer of bridges, District of Columbia, which was submitted to the Commissioners today.

Besides stating these items in the work of his department during the two months ended June 30 last, Engineer Douglas made extended report of the more important operations coming under his supervision, as follows:

Your attention is again called to the de-

McCall patterns.
Best because of furnishing advance styles and absolutely safe directions for cutting material—10c. and 15c.

Golf vests, 3 styles, in white or red, \$1.00.</
